Product description:

For the sensitive nappy area!

This time-proven formula calms and soothes baby's skin and offers excellent moisture protection. Directions: Apply small amount on baby's bottom as needed.

Only the best for your child. – All child and baby care products from Martina Gebhardt display the Demeter symbol, ensuring the finest quality products. The creams in this series contain wool wax as a base. The special value of the wool wax is that it covers and protects the baby's skin. Wool wax gently protects sensitive baby skin and is very effective against diaper rash, especially important for this baby protection cream.

Tips from Gabi Köberl:

Application of skincare products should be used sparingly on babies and children. The products should only be used to support the skin function and not to impair it. Apply a thin layer of creams and oils and massage onto the skin. By massaging the products onto the skin of your baby or child, the active ingredients are well absorbed and the blood circulation is improved.

All baby care products by Martina Gebhardt are suitable for babies, children & adults with neurodermatitis, psoriasis or allergy prone skin.
