

hyaluron body firming gel

Manufacturer: Santaverde

Order ID: SA26201

Price: 34.90 €

Product description:

Firming body gel for skin and connective tissue

The firming gel stimulates the microcirculation and metabolism of the skin. The positive effects concerning skin firmness, the level of cellulite and the circumference of the upper thigh were tested on 30 people. The high proven effectiveness relies on the synergy of pure aloe vera juice and extracts from medical plants like young ivy, boxholly, rosemary and tiger grass. Caffeine from green tea and pure essential oils support the stimulatory and firming effect on skin and connective tissue.

*Certified organic **Natural essential oils

Tips from Gabi Köberl:

During the first 4 weeks apply at least twice daily and massage into the skin with circular movements. The light gel is quickly absorbed without greasing and allows immediate dressing. The beauty treatment should be

accompanied by healthy alimentation and exercise.
