

Shampoo lotus effect No.17

Manufacturer: Bioturm

Order ID: BT137

Price: 12.95 €

Product description:

Mild cleaning for dry and brittle hair!

Frequent washing, the wrong shampoo or excessive styling might damage the hair's keratin structure. Hair is getting difficult to comb and might break. Then at the latest it is time to nourish the hair with moisture and oils to regenerate the keratin structure.

A new combination of lotus blossom and moringa oil tree extracts coats the hair with a natural protective layer. Hair is smoothed, particles are prevented to stick. The hair feels weightless, is shiny and easier to comb and at the same time protected against environmental influences.
