### Product description:

This day cream with SPF 30 nourishes the skin by regenerating, protecting and moisturising it. It also protects your skin from harmful UVA and UVB rays. The formulation contains organic karanja oil that has firming properties and regulates normal skin function. Other organic oils such as argan, sea buckthorn, evening primrose and jojoba provide natural extra nourishing care. The cream contains mineral UV filters which makes it also suitable for use on sensitive and dry skin types without causing irritation. A composition of natural essential oils lends it a subtle, fresh fragrance.
