

Certified Organic Sun Spray SPF30

Manufacturer: Laboratoires de Biarritz

Order ID: AM7480219

Price: 19.90 €

Product description:

The result of scientific research, Laboratoires de Biarritz sun sprays with Alga-gorria® provide the double protection of a unique active ingredient combined with a natural mineral sunscreen.

The high protection sun spray SPF 30 offers an innovative, light and fluid texture that spreads on easily and is quickly absorbed. As the spray is spread on the skin, it leaves a delicate coconut and shea fragrance.

The SPF 30 index is suitable for use during outdoor activities for fair complexions that are sensitive to the sun, or for olive complexions in more extreme situations of sun exposure.

Ingredients:

Helianthus Annuus Seed Oil, Coconut Alkanes, Caprylic/Capric, Triglyceride, Zinc Oxide, Titanium Dioxide, Cocos Nucifera Oil*, Polyglyceryl-2Dipolyhydroxystearate, Coco-Caprylate/Caprates, Polyglyceryl-3 Disostearate, Parfum, Alumina, Stearic Acid, Gelidium Sesquipedale Extract, Glyceryl Caprate, Propanediol, Aqua, Tocopherol, Polyglyceryl-4 Caprate

Tips from Gabi Köberl:

Shake well before use.

Sun spray for face and body.

Apply before exposure to the sun, re-applying frequently and generously.

Especially suitable for outdoor or sporting activities: seaside and altitude.

Suitable for all skin types
