Product description:

Our oil-based formula with nutrient-rich organic sunflower oil and botanical extracts of viola tricolor, organic calendula and chamomile gently cleanses while maintaining skin's moisture levels. The smallest amount of this refreshing oil-to-milk Cleansing Balm is applied to the skin. Followed with a splash of warm water and circular movements, it instantly emulsifies into an effective cleansing milk that can be rinsed off easily. Unlike cleansers which strip the skin of oil and disrupt the skin barrier, new Skin Food Nourishing Cleansing Balm is proven microbiome-friendly and conditions while it cleanses, leaving skin feeling soft and replenished. It effectively removes dirt, impurities and water-soluble make-up, revealing clean, soft, glowing skin. It can also be used as a nourishing face mask.

Tips from Gabi Köberl:

Warm a small amount of balm between clean, dry palms and apply to face, neck and décolleté. Add water and cleanse using circular massage movements. Rinse thoroughly.

For a nourishing mask: apply a thin layer, leave on for 10 minutes, then add water and rinse off. Avoid eye area.
