Product description:

The high protection you need and perfectly balanced, sun-protected skin. The Tinted Sun Cream preserves fragile, sun-sensitive or -intolerant skin.

This day cream provides a healthy look while effectively protecting you from the adverse effects of the sun (SPF50). It is made up of the same natural ingredients as our sun-care range: our powerful antioxidant from red seaweed, 100% mineral screens and Organic Aloe vera. Available in three tints (Ivory, Beige, and Gold), the cream is suitable for all skin types and complexions. Thanks to its high protection factor, it prevents unsightly pigmentation (spots, melasmas, scars, pimples, due to skin-altering procedures) and effectively protects sun-sensitive skin. It feels great to use, as it doubles as a moisturizer.

- High anti-UVA/UVB protection
- Prevent early skin aging thanks to its anti-oxidant activity
- Creamy light texture, easy to apply
- Moisturising sensation
- Ivory tint
- Like a 'second skin'
- Natural vanilla fragrance
- Water resistant

Tips from Gabi Köberl:

Apply in the morning, on the face and neck, spreading from the center to the sides for a uniform and natural healthy look.

Recommended for exposure in the city, at the beach or for outdoor activities.

Renew application at least once every two hours and after swimming to maintain optimal protection.

Don't forget to carry it with you for walks or eating outside!
