### Product description:

So gentle! Low irritant facial oil with no additives

The gentle Clean Beauty Rosehip Facial Oil ensures all facial skin is smooth, supple and resilient. Thanks to low irritant antioxidants and a simple formula, Clean Beauty Facial Oil offers sensitive balance even for very exposed facial areas. Exquisite organic rosehip oil and nourishing lipids provide intense all-round skincare — with no fragrance or allergens.

Rosehip, squalane and vitamin E

Rosehip oil from certified organic sources contains gentle moisturising agents to promote skin regeneration. This natural oil from the seeds of the wild rose is complemented by squalane from organic olive oil, and restorative vitamin E. By helping the skin retain its natural moisture, Rosehip Facial Oil promotes elasticity in tired skin.

As well as offering intense skincare, this low irritant facial oil with rosehip helps stabilise the skin barrier. Thanks to antioxidant cell protection, it prevents sun damage, such as pigmentation spots, and inflammation. Beta-carotene — with its distinctive colour — is a precursor of vitamin A, which releases free radical scavengers to combat fine wrinkles and lines.

The Clean Beauty Oil offers rich, all-round skincare and is absorbed without leaving any residue or creating a breeding ground for impurities. With its light nutty fragrance, Rosehip Facial Oil brings a gentle sunny glow even to tired skin.

## **Tips from Gabi Köberl:**

In the evening, after cleansing and while the skin is still damp, apply a few drops to the face, neck and décolleté and massage in gently. If required, use a face cream afterwards.
